

THE BOARD OF FOREIGN MISSIONS
ASSOCIATE REFORMED PRESBYTERIAN CHURCH

M E M O

July 2014

Thank you so much for your commitment to sponsor a nursing student at the Christian Hospital, Sahiwal, Pakistan. Nancy Fulwood School of Nursing has a motto of "Let Jesus Shine." The school teaches and promotes a strong emphasis on spiritual training and begins each day with chapel services, pointing each student to Christ and encouraging everyone to truly "Let Jesus Shine" through their heart and life to show the world Christ.

Each student will study for a total of three years to complete the main nursing classes and at the end of the third year the students will spend one year studying Nurse Midwifery. Upon completion of the four years of study, each girl will fulfill one year of bond service to the hospital. This nurse will continue to be assigned to you unless you choose to no longer sponsor her or if she leaves the nursing program. We will assign a different nurse to you if she is no longer in the program.

We are pleased to enclose for you a brochure with the most recent information on the nursing student. You will be delighted to read her testimony, typed just as it was dictated and transcribed on her personal information sheet. We did not correct any grammatical errors so that you can almost hear her voice.

Any personal correspondence that you would like to send to the nursing student you are sponsoring can be sent to our office and we will forward it for you. Since some of the nursing students may not be sponsored, we believe this will be in the best interest of all the students. Please be assured that we will forward *any updated information* received on your student to you.

For your information, you may renew the yearly sponsorship at any time. Or, we will send a letter or email asking if you would like to renew for another year. After your renewal, we will send you an updated brochure as soon as new information is received.

Again, thank you for your partnership in the ministry of World Witness.
